

TBG, human

(human Thyroxine binding globulin)
MW 54,000 daltons

References:
Histochemistry and Cell Biology Vol. 124, Numbers 3-4/September 2005, 285-290

CHARACTERISTICS

Source: Human serum.
Purification method: Affinity purified.
Scientific notes:
Serum glycoprotein.
pI 4.0.
N-linked complex carbohydrate side chain.

ORDERING INFORMATION

Complete technical data sheet provided with the order.

Product code	Product name	Package	*Price in EUR
NEW!!! fh-hTBGi NEW !!!	Human Thyroxine binding globulin, free of T4 (and/or other thyronine derivatives). iodination grade, highly purified, > 98% (w/w) For labelling reactions : Frozen at < - 20°C (1 mg/ml solution) Shipment on dry ice. For other studies : Lyophilized powder – Shipment at RT.	100 µg 5x 100 µg 10x 100 µg	400.00 1735.00 2750.00
		1x 1 mg for larger quantities	2600.00 Please inquire
hTBGi	Human Thyroxine binding globulin, iodination grade, highly purified, > 98% (w/w) For labelling reactions : Frozen at < - 20°C (1 mg/ml solution) Shipment on dry ice. For other studies : Lyophilized powder – Shipment at RT.	100 µg 5x 100 µg 10x 100 µg 1x 1 mg for larger quantities	250.00 1300.00 2300.00 1500.00 Please inquire
hTBGp NEW !	Human Thyroxine binding globulin, > 50% (w/w) for WB, IH and/or immunoassay standard curves. Lyophilized powder Shipment at room temperature.	1 mg of hTBG 5x 1 mg of hTBG for larger quantities	600.00 2500.00 Please inquire
hSHBGs	Human Thyroxine binding globulin, approx. 10% (w/w) - hSHBG is determined by RIA and total proteins by Lowry method. - for immunoassay standard curves. Lyophilized powder. Shipment at room temperature.	1 mg of hTBG 5 mg of hTBG for larger quantities	400.00 1250.00 Please inquire

* All prices are FOB Liège.
Bulk quantities are available

Also available:
 @ hCBG (human Sex hormone binding globulin).
 @ hSHBG (human Thyroxine binding globulin).

Soon available: Steroids and/or haptens binding resins. NEW!!!
